Summary

Experienced Physician with a strong background in telemedicine and remote patient care. Skilled in diagnosing and treating a wide range of medical conditions, providing compassionate care, and collaborating with multidisciplinary teams to optimize patient outcomes. Committed to staying up-to-date with the latest medical advancements and best practices in virtual healthcare delivery.

Education

Central Medical University

Doctor of Medicine (M.D.)

Professional Experience

Chief Medical Officer

Virtual Health Clinic (Remote), June 2019 – Present

- Oversee the development and implementation of telemedicine protocols and guidelines to ensure high-quality patient care and safety.
- Collaborate with IT and engineering teams to integrate cutting-edge medical technologies into the virtual healthcare platform, enhancing diagnostic capabilities and treatment options.
- Provide clinical guidance and support to a team of remote healthcare professionals, including physicians, nurses, and medical assistants.
- Conduct virtual consultations and follow-up appointments with patients, addressing their medical concerns and developing personalized treatment plans.

Telemedicine Physician

Online Medical Group (Remote), September 2016 – May 2019

- Conducted virtual consultations and provided remote medical care to patients across various age groups and medical specialties.
- Utilized telehealth technologies, such as video conferencing, digital stethoscopes, and remote monitoring devices, to gather patient data and make informed clinical decisions.
- Collaborated with primary care physicians and specialists to coordinate comprehensive patient care and ensure continuity of treatment.
- Participated in the development and testing of new telemedicine technologies and applications to enhance the virtual healthcare experience.

Certifications

Board Certified in Internal Medicine

Telemedicine Certificate, American Telemedicine Association (2017)
